

TROP ICSU WORKSHOP AT IUBS CENTENARY EVENT, OSLO

TROP ICSU International Union of Biological Sciences (IUBS) is the Lead Partner of TROP ICSU.

IUBS celebrated its centenary year with special sessions and talks on a number of topics that are main focus of IUBS in the 33rd General Assembly and scientific sessions in Oslo, Norway on 30th July to 2nd August 2019. More information [here](#).

IUBS provides a global platform for cooperation among scientists from various biology disciplines. As a non-profit, non-governmental umbrella organisation, it promotes research, training, and education. It advocates access and benefit-sharing of knowledge and resources.

Team TROP ICSU conducted a special workshop during the centenary year sessions at Oslo.
