

TROP ICSU ACCOMPLISHMENTS FEATURED BY ISC

The TROP ICSU project has been funded by the International Science Council (ISC) during the first phase (2017-2019). The accomplishments of TROP ICSU, feedback from various stake-holders and future plans have been featured by ISC in an online article published in February 2020. Representative feedback received from various stake-holders such as participants of educators workshops, undergraduate students, members of partner unions and the motive behind the TROP ICSU project are included in this article. The article can be found [here](#).
