

PANEL DISCUSSION ON DECARBONISATION AT FLAME UNIVERSITY

TROP ICSU's Rahul Chopra participated in a panel discussion on 'The Role of Education in Building a Decarbonized Economy – Panel Discussion on Building a Decarbonized Indian Economy' at the Law, Economics Policy Conference at FLAME university, Pune, November, 2022

India is now the world's 3rd biggest source of CO2 emissions. There is a formal announcement for net zero by 2070 and there is a possibility that this will have to be achieved before 2070.

The panel explored the optimal pathways towards decarbonizing the energy sector, and the roadblocks faced therein.

Other panelists included Ashok Sreenivas, a senior fellow from Prayas, Anand B Rao, the Institute Chair Professor and Head-CTARA from IIT Bombay, Ajay Shankar – Distinguished Fellow, TERI and Former Secretary, Ministry of Power, Government of India.

The panel was chaired by Shantanu Dixit, founding member of Prayas.
